Universally renowned as the world's capital of silk, Como and the surrounding areas have kept this tradition alive over centuries. There are many stores and shops which sell silk foulards, ties, and clothes at extremely discounted prices. Milan is the pinnacle for designer shopping lovers! Gianni Versace, Miucca Prada, Giorgio Armani and Dolce & Gabbana all started their careers in Milan.

WINING AND DINING OR JUST RELAXING

If eating, drinking and being merry is more your style we can arrange cooking classes, wine tasting, grappa tasting, cheese tasting or even olive oil tasting all from the local producers along the lake and surrounding Area. Even just strolling through the streets of Como on a Saturday afternoon is a part of the local culture. There are also many pool and lakeside beaches providing plenty of opportunity in the summer to work on your suntan. Cocktails can be included!

MUSEUM AND MONUMENTS

The Volta Temple is a museum dedicated to the inventor of the electric battery, Alessandro Volta. Museo Didattico della Seta (Silk Museum) documents the history of the silk industry in Como. The Duomo, built between XIV and XVIII centuries, is a mix of Renaissance and Gothic style. Villa Olmo, built in 1797 in the neoclassic style, hosted Napoleon Bonaparte & Giuseppe Garibaldi and other prominent figure. Villa Melzi (1808-1810) where tradition says Franz Liszt composed some of his most famous piano sonatas, enjoys a magnificent panorama over the lake. Villa Carlotta has an English-Style park; and that is just the beginning!

COURSES (online or at school)

FFP (Flexible frequency Program) – individual courses

Individual, one-to-one, training is the most efficient way to learn a language. With the exclusive attention of your trainer you have the opportunity to progress at your own pace. More importantly the course can be adapted and tailored to your individual needs and focus on specific language skills and vocabulary that are or will be important to you in your job. If you cannot attend a rapid, full-time training course, FFP course is perfect for you. FFP courses start any day.

The CIP course structure ensures intense study of a language. This program is flexible insofar as the amount of class hours per day (between 2 and 6 hours a day) from Monday to Friday. The final result is that the student can reach fluency after a relatively short time. CIP courses begin every Monday of the month.

CELI – CERTIFICAZIONE ITALIANO GENERALE

Inlingua Como is a “CELI exam” center since 2005.

The CELI exams certify the linguistic competence for Italian for foreigners and are managed by the **University of Perugia**.

CELI exams are available for all levels and are structured to test all 4 language skills: reading comprehension, writing, speaking and listening.

These exams can be taken at our inlingua Como school in the sessions established by the University of Perugia.

The Certificate of Knowledge of Italian Language (CELI) is an Italian language proficiency certificate that ratifies competences and language skills. It can be used in the work field or for study purposes. It is possible to choose from CELI for immigrants and CELI for adolescents. The main difference is the content of the texts and types of tasks to be completed during the test. These tests follow the same levels of the QCER and share the same verification methods and strict certification processes. The Ministero del Lavoro e delle Politiche Sociali recognizes the CELI certificate in the context of immigration and favors its diffusion to promote the knowledge of Italian language among immigrants legally residing in Italy.
